CEO MESSAGE

The name NSETS embodies the very foundation of our company — a symbol of its origin and the cornerstone of its enduring growth and rapid evolution into a leading provider of engineering and security services. Since our inception, we have expanded our portfolio and reached new markets, fueled by a team united by shared passion and purpose. It is this collective strength — the power of our people — that has been the driving force behind our continued success.

A consistent stream of orders from our valued customers is a clear testament to their trust in our leadership, our proven track record, and the diverse expertise that defines NSETS. Their confidence reflects our commitment to excellence and our ability to deliver impactful, high-quality projects year after year.

As we look to the future, we renew our pledge — Insha'Allah — to uphold the highest standards of excellence, embrace technological innovation, and adopt advanced engineering and project management practices. We will continue to diversify strategically and invest in Pakistan's progress.

Our journey remains one of tireless pursuit — of innovation, of excellence, and of lasting impact. I extend my heartfelt gratitude to the dedicated team at NSETS and to our esteemed clients and stakeholders for their unwavering trust and support.

Eng. Nouman Khan Jadoon CEO-NSETS

ABOUT NSETS

NSETS (Pvt). Ltd. is a DGDP-registered General Order Supplier, officially accredited by the Directorate General Defense Purchase under the Ministry of Defense Production and security-cleared by Pakistan's Strategic Planning Division (SPD). Established in 2015, the company has earned a solid reputation for precision, reliability, and full regulatory compliance, serving a diverse portfolio of government and Semi government institutions aligned with the Pakistan Defense Forces. NSETS (Pvt). Ltd. is authorized sole Distributor of various global brands i.e.

ADDO Group (Turkey), KORLOY (South Korea), EW Equipment (UK), CHAIN Headway (Taiwan), WINTECH (Turkey) and global business partner of various manufacturers around the globe including KindArc, BORUI, JOUAV, Silk Road Balade Security & Defense Technology Co Ltd etc.

NSETS delivers specialized procurement solutions with unwavering commitment to quality, confidentiality and operational excellence.

TRADING

More than 10 Years of Experience

With a decade of expertise in delivering standard items like Electronics, IT equipment, General equipment, Electrical and Engineering equipment, Defense tools and Industrial Instruments, our product offerings stand as a testament to our commitment to quality and reliability. Our seasoned experience ensures that these products are the solutions that have evolved through a decade of learning and adaptation. N-SETS (Pvt.) Ltd Trading is a thriving trading house with boasting reliable supply sources and a trusted customer base that positions it well to navigate current business challenges. Originally established as an exclusive sourcing outlet for Industrial and General Equipment, the company has evolved to engage in a diverse array of activities beyond conventional import-export trade that helps it to excel in its trading services. N-SETS, rooted in its trading origins, flourishes on providing quality products at competitive prices while ensuring exceptional customer service.

The success of N-SETS is closely tied to its professional and technical capabilities, supported by a highly committed, skilled, and trained staff. The company has forged strong partnerships with suppliers and manufacturers from various countries, including the USA, Germany, Turkey, China, and local providers. This network grants them access to a wealth of knowledge and products, ensuring the guarantee of quality and unparalleled support in the market.

CUSTOMIZED SOLUTIONS / R & D

N - SETS exemplifies a forward - thinking approach by integrating trade with research and development (R&D), emphasizing innovation, advanced technology, and sustainable practices. As a strategic player, it leverages extensive experience, reliable supply chains, and a loyal customer base. What sets N - SETS apart is its deliberate integration of R&D into its business model, enabling it to meet current customer needs while anticipating future challenges.

The company follows a rigorous product design process that begins with comprehensive research on applications, benefits, and potential drawbacks to ensure innovation. Each stage involves meticulous testing to prevent issues. Schematic designs are created using software, converted into PCB (Printed Circuit Board) layouts, and manufactured using standard methods. PCBs and individual components are thoroughly tested before hardware implementation to ensure reliability.

By aligning R&D with its trading activities, N - SETS delivers products tailored to customer demands, minimizing risks and fostering innovation.

- 1- Specialized for the customized solutions
- 2- UAV Detection Radar Systems
- 3- Radar Systems and Sub Systems
- 4- RF Power Amplifiers
- 5- Chinese RF & Micro wave Components
- 6- Military Grade Connector and Cables

- 7- Customized designs for Specific requirements Electronic Components
- 8- PCBs
- 9- Customized Slip Rings
- 10- Laser / Infrared Equipment

DEFENSE EQUIPMENT / MACHINES

NSETS recognize the critical importance of defense, security, and military solutions. We focused on supplying reliable, durable, and precision engineered products to support armed forces, law enforcement agencies, and industrial defense contractors. We ensure compliance with international defense standards while delivering innovative and mission ready solutions. "The product range listed below is only indicative, we supply all types of machines and their parts as per client requirements."

- Military grade communication systems
- Radars, sensors & night vision devices
- Electronic warfare equipment
- Ground support equipment
- Defense spare parts & components
- Drones and UAVs
- High resolution cameras & thermal imaging systems
- Drone jammers & anti drone systems
- Ground control stations (GCS) & communication units

ELECTRICAL EQUIPMENT

Product Range

- Motor starters & contactors
- Relays & timers
- Programmable controllers
- Variable Frequency Drives (VFDs)

General Electrical Supplies

- Switches, sockets, and plugs
- Electrical conduits & fittings
- Earthing & grounding materials
- Batteries, UPS

Cables & Wiring

- LV, MV & HV power cables
- Control & instrumentation cables
- Flexible wires & armored cables

Lighting Solutions

- Industrial LED lighting
- Street & flood lights
- Explosion-proof lighting
- Emergency & backup lighting systems

INDUSTRIAL INSTRUMENTS

Measurement & Testing Instruments

- Pressure gauges, vacuum gauges
- Temperature sensors & thermocouples
- Flow meters & level indicators
- Digital multimeters & analyzers

Process Control Instruments

- Programmable Logic Controllers (PLC)
- Control valves & actuators
- Process recorders & controllers
- Industrial automation modules

Calibration & Monitoring Tools

- Vibration meters
- Sound level meters
- Torque meters
- Data loggers

Safety & Protection Instruments

- Gas detectors & leak detectors
- Fire & smoke alarms
- Industrial alarms & sirens
- Protective monitoring systems

Metals

Ferrous Metals

- Mild Steel (MS) sheets, bars, and rods
- Stainless Steel (SS) sheets, coils, and pipes
- Tool Steel and High-Speed Steel

Non-Ferrous Metals

- Aluminum sheets, rods, and profiles
- Copper wires, strips, and tubes
- Brass and Bronze alloys

Industrial Alloys

- Nickel-based alloys
- Titanium and special-purpose alloys
- Heat-resistant and corrosion-resistant metals

Value Proposition

- Certified Quality – All metals are sourced from trusted mills and verified suppliers.
- Customization – Tailored sizes, thickness, and finishes as per client requirements.
- Competitive Pricing – Best market rates without compromising quality.
- Timely Delivery – Well-managed inventory for smooth supply chain.

CNC Machines & Tools

Our Products & Services

- CNC Machines: Full range of vertical and horizontal machining centers, CNC lathes, 5-axis mills and multi-tasking systems from top global brands. Ideal for aerospace, automotive, medical and general manufacturing.
- Cutting Tools: Premium carbide end mills, drills, inserts, reamers, and custom tooling for high-speed and precision applications. Optimized for extended tool life and superior surface finishes.

- Comprehensive Services: Expert consultation, machine installation, training, maintenance, and application support to maximize your investment.

Why Choose US?

- CNC Machines: Full range of vertical and horizontal machining centers, CNC lathes, 5-axis mills and multi-tasking systems from top global brands. Ideal for aerospace, automotive, medical and general manufacturing.
- Cutting Tools: Premium carbide end mills, drills, inserts, reamers, and custom tooling for high-speed and precision applications.

WHY CHOOSE NSETS

Comprehensive Product Range

From electronic components to industrial machines, defense equipment, metals, and UAVs — we are a one-stop solution provider for diverse industrial and defense needs.

Quality Assurance

Every product is sourced from certified manufacturers and tested to meet international quality standards, ensuring reliability and safety.

Technical Expertise

Our experienced team understands complex industrial requirements and provides tailored solutions backed by technical knowledge.

Competitive Pricing

Strong supplier networks allow us to offer cost-effective solutions without compromising on quality.

Timely Delivery

We maintain efficient logistics and inventory management to ensure products are delivered on schedule, every time.

Customer-Centric Approach

Our priority is long-term partnerships. We listen, understand, and respond quickly to our clients' needs with professionalism.

After-Sales Support

From installation guidance to maintenance and spare parts, we provide complete post-supply support for uninterrupted operations.

Our Promise

We don't just supply products — we deliver trust, performance, and value. Choosing us means choosing a partner who is as committed to your success as you are.

VISION & MISSION

Vision

The company continues to move forward and become the leading Engineering and Trading Company in Pakistan and eventually the region by consistently delivering projects, products and services that meet international standards.

Mission

NSETS Pvt. Ltd is committed to providing total satisfaction to our clients, delivering projects safely, on time and within budget while respecting the environment in which we work. Our strength is our people, our people are our ambassadors. We aim to lead, guide and direct our team by developing project implementation and monitoring policies, processes and systems. We provide the necessary training to ensure a skilled and confident workforce that can readily meet challenges presented to them. Our mission is to be an innovative, successful engineering and trading company with the respect and trust of our clients and the community.
